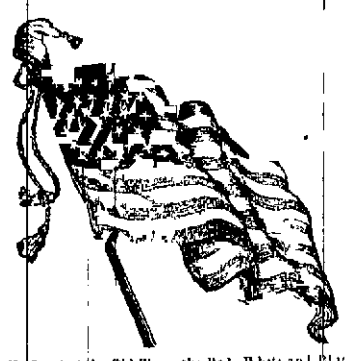
OFFICIAL PAPER OF THE CITY



No flag but the Old Flag—the Red White and Blue
With the stars of a Union unbroken in view
Arise and defend it! ye sons of the brave
Whose blood it aught the banner to save must save

FRIDAY MORNING JULY 4 1862

Independence Day

Another anniversary of our National birthday is upon us We greet it with unusual emotions under unusual circumstances The attempt to break up this Government although made with vast destruction of property and life—is not likely to be successful The effort to destroy the glorious record of our fathers—to make it a crime to revert on this day to their trials, their bravery, their patriotism their devotion, and their sufferings, in securing the establishment of this Government—will fail, and only be classed with the deeds of Goths and Vandals of the dark ages

We rejoice this day that though our country is passing through scenes that try the souls of men, we can see in the future one government, one country, one flag—that from this trial our country will emerge and stand a mighty people—securing respect abroad and at home the enjoyment in long years to come of those same great privileges and blessings that have in times past distinguished us as a people among the nations of the earth *Esto perpetua*

COWLITZ COUNTY UNION CONVENTION — The Cowlitz County, W T, Union Convention nominated Jas Huntington for Representative, A R Burbank, Treasurer B Luffy, Sheriff, Z B Smith, Assessor J P Bennett and W A McCarkle, County Commissioners, and unanimously passed the following resolutions

Resolved, By the Union Convention of Cowlitz Co, W T, that we are most emphatically for the perpetuity of the Constitution and Union so wisely formed and inaugurated by our Fathers

Resolved, That loyalty to the Government is paramount to Party, therefore we ignore former party ties, and unite upon the great platform of the Union the Constitution, the enforcement of the laws—a full and hearty support of the Government, and an eternal opposition to the *exploded heresy* of secession

Resolved, That we highly approve of and endorse the patriotic course and efforts of the President, the Congress, and the Federal army and navy, in the great work of defending the Constitution, enforcing the laws, and forever putting down the present most wicked, barbarous and unjustifiable treason and rebellion yet known to any civilized people or Government

A. R. Burbank was Chairman and A S Abernethy Secretary of the Convention

FLAX IN GREAT BRITAIN —Owing to the American war, preparations have already been made in England and Scotland to sow ten times the breadth of flax that was ever sown before, and it is said that Ireland will have a fourth of its surface covered with flax this year Flax makes excellent rope Perhaps those countries think that there will be a great demand in America for that article this season.

The Northern secesh, finding that their rebel friends are about "played out," as Jeff Davis' wife says, are anxious to save their property from confiscation They want loyal people to pay the expenses of the war and insist that the property of the rebels shall not be used for that purpose This idea is very popular with the rebels both South and North, but does not suit the views of loyal people anywhere

A GOOD OFFICER —It is our pleasure to state, that having had considerable business transactions with Hon L Jay S Turney, we can truthfully say that we have found no gentleman more accommodating and obliging and who discharged the duties of his office more promptly and efficiently than Secretary Turney He is a good officer worthy the esteem and confidence of the people of our sister Territory

NEW PAPER —We understand that Mr A S. Gould, late of the Portland *Times* is about to start a new paper in Lewiston, to be called the *Golden Age* We doubt not that success will attend the effort, as the paper under his control will be ably conducted and highly interesting

POEM —We ask all of our readers to peruse the poem on the fourth page of this morning's issue, entitled "Fourth of July, 1862" Nothing has ever been produced in Oregon that equals it It is decidedly original in all of its passages, and shows remarkable genius

The Jeff Davis Government has issued about three hundred million dollars of worthless paper money

All the slaves in the Dutch West India colonies will be set free on the 1st of July, 1863

LATER FROM THE EAST.

MEMPHIS, June 20th —Beauregard has a letter in the Mobile *News*, denying that Gen Pope took any such number of prisoners as telegraphed by Halleck He says 200 will cover the number taken He also says Confederate loss at Corinth and during the retreat did not amount to one dozen as losses of the Federal army The Memphis *Appeal* of 20th says "The Confederate army of the Mississippi, is much strengthened The health of the soldiers is much improved, and the spirits of the men are all that could be desired"

This is not a battle—merely an affair of Heintzleman's corps supported by Keyes and thus far all goes well We hold every foot we have gained The loss thus far is not large The fighting up to this time has been by Hooker's Division He has silenced the enemy's batteries on his front

Five o'clock, P M —The affair is over We have gained our point, notwithstanding a strong opposition Our men did all that could be desired The affair was partially planned by two guns that Capt Meedy brought into action under very difficult circumstances The enemy were driven from their camp in front of ours

(Signed) MCCLELLAN

A TROUT FACTORY —There is a large factory in operation in Glastenbury, Connecticut where trout are hatched by artificial means The number now in the pond is between 40,000 and 50,000, and rapidly increasing When the stock reaches the number of half a million they estimate a yield of 50,000 pounds per annum As they will bring in market from 25 to 40 cents per pound, this amount would afford a very pleasant net income The fishes are fed regularly and have a man in constant attendance Their food consists of small fish and shad spawn from Millers of suckers are used to feed the hungry denizens of the pond In friendliness to gentlemen who have a tendency to drop in line in the vicinity at prices for this kind of fish, we will say that upon the bank of the pond will be there are growing a large dog who knows his business has taken up a permanent residence and is always at home

INDEPENDENCE TO WASHINGTON —Caleb Cushing who has just returned from Richmond, states that the statue of Washington as a Mason, executed by Hiram Powers and said to be one of the finest productions of that artist, has been taken from the Lodge Room there and is now hid in a vacant room of the cellars of the town Also that the monument to Mary, the mother of Washington has been used as a target by the rebel soldiers and the corners chipped off by Minny bullets
